3. General Business

- a. A request was made for flexibility in the finals series, with the possibility of pennant games
- b. There was some concern expressed around the issue of paying for ground hire for games. Clubs paid for the hire of the grounds from Councils, even though ESFA booked other teams to play on that ground. There was some question of how the clubs could claim reimbursement from ESFA when they had paid for the ground hire and other teams had played on the grounds.. Claiming it from the other clubs was not viable, as Councils deemed this subletting. Peter Kriesler was asked to convey the meetings concerns over this matter to the ESFA Board,
